# Spanish Courses

**Long gone** are the days when you learned a language by copying notes from the chalk board. With LIFE™ (Language Immersion For Everyone), from your first day, you'll learn Spanish by using vocabulary and grammar in **practical situations**. With LIFE™ you are no longer just part of the audience, you are immediately in the **middle of the action**.

## COURSE STRUCTURE

The courses are set up in such a way that you can study for anywhere between **1 and 36 weeks**. We have reserved special start dates for absolute beginners. If you already speak (a little) Spanish you can start on any Monday.

All our teachers are native speakers, university trained and they specialise in teaching Spanish to students like you. They have all been carefully selected to be your perfect guide to learning Spanish and to teach you about their culture. We are very proud of our academic team who set a standard for teaching Spanish worldwide.

LIFE™ is learning a new language in a natural, practical and fast way:

- **Natural** because you learn the language by using your intuition and exploring the meaning of words and expressions.
- **Practical** because you can use what you have learned from the first day in everyday situations.
- **Fast** because our methodology and full language immersion help you to truly cement the new language which allows you to build further language skills faster.

## LEVELS

We distinguish 6 different levels according to the European Framework for languages. This means there is always a group that is right for your level.

## GROUP SIZE

You learn better and faster in a small group where the teacher can really pay attention to your learning needs. That is why the maximum group size at all our schools is 8 students.

- 1(A1):** Beginner (Up to 100 course hours)
- 2(A2):** Intermediate (60 – 80 course hours)
- 3(B1):** High Intermediate (60 – 80 course hours)
- 4(B2):** Advanced (60 – 80 course hours)
- 5(C1):** Superior (80 – 100 course hours)

# Barcelona

## • Cosmopolitan Jewel

It is difficult to think of a place that offers more variety in art, history and entertainment than Barcelona. No wonder this city is one of the most popular destinations in the world to learn Spanish.

Barcelona has a long history and was a garrison town for the Romans. When you walk around the old town, you are walking on the original street grid of the Roman camp. Barcelona came to prominence a thousand years ago as one of the most powerful cities in the Mediterranean. It ruled the waves for a number of centuries.

Of course, Barcelona is also renowned for its Modernist architecture of which Gaudí's Sagrada Família is the best known example.

However, the bricks and mortar don't explain it all. Barcelona also offers a positive, creative vibe that expresses itself in a never ending stream of events, concerts and activities.

**“Barcelona offers a positive creative vibe”**

As you would expect from the second largest city in Spain, you'll find a great place to eat or drink for any budget or taste bud. Nightlife goes on until the sun comes up and is as varied as an intimate jazz bar in the Barrio Gótico to stunning open-air night clubs in the hills of Tibidabo.

Our school is located in a historic building in the city centre with a beautiful sunny terrace where students and teachers mingle and meet.

Please visit our website for the latest information about Barcelona.

The classes are well structured and fun. You will learn about culture and meet other interesting students in addition to grammar and conversation. Barcelona is also a magnificent city! Do not miss a chance to live and learn here!

### ● Capital of the Spanish world

Madrid's fortune stems from the decision in 1561 to transfer the Royal Courts from Toledo and the city has never looked back. It is the cultural, economic and political centre of Spain and the natural bridge between Europe and Latin America.

Madrid is an immigrant city. Everyone is "from somewhere" and that makes it a welcoming and fascinating melting pot. It is also a true capital city with grand avenues, regal parks and world class art collections.

Madrid has a collection of neighbourhoods. You'll only have to step off the main road to enter a wonderful world of different "barrios", each with its own local feel. You'll be surrounded by

the Madrileños: they talk a lot, laugh a lot and are always interested in meeting new people like you. No wonder so many Spanish film makers choose the city as the backdrop for their story telling. Madrid is simply full of life.

Among the highlights of Madrid are the Retiro park where you can refresh yourself from city life, the triangle of museums (Prado, Thyssen and Reina Sofía) that offer a stunning overview of classic and modern masterpieces and the Plaza Mayor where you can do some serious people watching.

Our school is located in the very heart of the city within easy walking distance to all the attractions Madrid has to offer.

Please visit our website for the latest information about Madrid.

The school is running very efficiently and the teachers are committed in every lesson. I really enjoyed learning about the culture of Spain as it made me feel more a part of it and helped with the language.

Amelia, **Australia**

### ● Feel like a local:

1. Forget the calories: order "churros con chocolate" for breakfast

2. Chill out with all the Madrileños in the El Retiro park

3. Go to El Rastro flea market followed by a drink in La Latina

### ● Why?

- capital of the Latin world with all the attractions
- The welcoming atmosphere created by the Madrileños
  - Easy going in spite of being a big city

**"Fascinating and welcoming melting pot"**

# Sevilla

## • A lot more than Flamenco

Sevilla is many things. Capital of Andalusia, birth place of flamenco, economic centre of southern Spain and one of the most beautiful cities in the world. It was founded by the Greeks and became one of the most important cities first under the Romans and later under Moorish reign.

Once Columbus had led the way, Sevilla became the clearing house for all goods and treasures brought from South America. The wealth this created is apparent when you walk around the streets of the city. It is not difficult to imagine how the city must have felt 400 years ago.

Then of course there are the "gitanos" who fused their music and dance, originally from India, with the Arab music they found in Andalusia. Flamenco was born. With its bright colours, passion for life and heart touching stories, flamenco is one of the world's greatest art forms.

All of this makes Sevilla a very proud city, a world unto itself and a feast to visit. But don't think of Sevilla as a living museum, far from it, Sevilla also has a very young and active feel that makes it a great destination to learn Spanish and learn about modern Spain.

Our school is located in the very heart of the city within easy walking distance to all the attractions Sevilla has to offer.

## • Feel like a local:

### Spain's **best kept secret**

“Valencia feels the most untouched by tourism”

Valencia is one of the oldest and friendliest cities in Spain. You can find many traces of different civilizations going back thousands of years in the city and its surroundings. Valencia is home to thousands of orange trees, the legendary El Cid and its Cathedral claims to hold the Holy Grail. It is also one of the most cutting-edge cities in Spain with world-class events and breath-taking modern architecture.

The Romans firmly put Valencia on the map when plots of land were distributed as pension payments to retired soldiers. These soldiers brought a new grain called rice with them and thus was created the now famous paella.

The combination of old and new makes it a very attractive place to live and study. You can stroll around the old city during one of the many religious processions and feel that you have been transported back in time. Afterwards you can visit one of the most spectacular architectural structures to be found today, the City of Arts and Sciences.

As one of the largest university towns in the country, Valencia always has a young and dynamic feel to it. Just have a look at the Carmen area to get an idea why Valencia claims to have one of the best nightlife scenes in the country.

Our school is located in the city centre at easy walking distance to all the attractions, museums, bars and restaurants.

Please visit our website for the latest information about Valencia

Babylon Idiomas is a friendly and enjoyable place to learn Spanish. The teachers create the perfect mixture of fun and learning.

Vincent, **United Kingdom**

### Feel like a **local**:

1. Orange juice, cava, vodka and gin? Enjoy your “Agua de Valencia”
2. Redefine your love of vegetables and throw tomatoes at the Tomatina festival
3. Order the original paella with snails, eel and rabbit

### Why?:

- *one of the best settings for beaches, nightlife and fun*
- *Easy to connect to Spanish culture*
- *Historical Spain and cutting edge Spain combined in one city*

# Buenos Aires

## • Queen of Latin America

A famous Tango song says it all: Buenos Aires is the Queen of Cities. Perhaps its secret lies in having everything; culture, architecture, art, music and non-stop nightlife. Together, it all combines to form a fascinating city worth discovering block by block.

Buenos Aires is South America's most cosmopolitan city and is often the first stop for a discovery tour of the Continent. It feels like a European city set in Latin America.

Most of its immigrants came from Western Europe, particularly from Spain and Italy, this created a melting pot of different cultures that played an important role in the founding of the city.

The city, of course, also created its own heritage, adding to the mix some sultry tangos, quaint cafés and most of all, the flair of its residents, the proud "Porteños". Not to be missed is Buenos Aires at nightfall, the Porteños' favourite time to celebrate their city and interact with each other in a myriad of restaurants, coffeehouses, discotheques and bars which stay open until the wee hours.

Buenos Aires is a city that appreciates aesthetics, good food and good manners. Like many others have discovered before, you too will have an amazing time learning Spanish in this vibrant place.

Our school is located in the city centre at easy travelling distance from all the attractions, museums, bars and restaurants.

 [Please visit our website for the latest information about Buenos Aires](#)

This is a very good school. The teachers are very professional and make the classes fun and interesting. There are few people in every class and everybody gets to practice their speaking.

Soley, **Norway**

## • Feel like a local:

1. The Tango is not just folklore: learn it and join the Porteños
2. Ask for the "chorizo" cut of a steak to show you know what meat is about
3. Dress to impress. Life is too short for the Porteños to be shabby

## • Why?

- Beautiful city where each "barrio" rewards discovery
- Great mix of culture, nightlife, gastronomy and fun
- The best gateway to Argentina and Latin America

### • Natural beauty

“Paradise for nature and wildlife lovers”

Costa Rica is a beautiful tropical country wedged between the Caribbean Sea and the Pacific Ocean. It is a paradise offering an enormous variety of activities and adventures for nature and wildlife lovers.

We offer three very distinct campuses in Costa Rica to choose from:

**Arenal:** In the northern part of the country, you'll find one of the best known natural parks at the foot of the impressive Arenal volcano.

Arenal is a small town and an excellent gateway to explore Northern Costa Rica.

**Playa Dominical:** A small village on the South West Pacific coast, this is one of the best surfing spots in Latin America. Relax, work on your Spanish and your tan at the same time.

**Turrialba:** Welcome to the coffee centre of the country where green hills and wild rivers vie for your attention. This is a larger town in the centre of the country where you will find all the shops and services you need for a comfortable stay whilst learning Spanish.

With so much to explore and to do, our courses in Costa Rica are structured slightly differently. All the classes are in the morning and the afternoons are reserved for on-school or outdoor activities. These activities can be arranged at the school or you can book our Deluxe Course which includes all events.

### • Feel like a local:

1. Learn to love the many variations of chicken & rice
2. Count money in the local currency (Colón) and not in US dollars
3. Keep your vocal chords in good shape: Ticos love talking

### • Why?:

- One of the safest and greenest countries in Central America
  - The local population "Ticos" are probably the nicest people on the planet
- Great combination of learning Spanish and outdoor activities

Instead, recourse should be sought with these agents directly by clients in case of disagreement or damages.
2. These Terms & Conditions apply from the moment the client has submitted his or her enrolment or has provided the company with personal and payment details.
3. CLIENT DOCUMENTS AND INSURANCE: The client is fully responsible for adequate travel documents, travel insurance and medical insurance. Any non-compliance and any resulting damages are the sole responsibility of the client.

7. MINIMUM AGE: The minimum age for attending Babylon Idiomas is 18 years. Dispensation can be granted for younger clients from time to time.
8. PAYMENT: If a client books more than 28 days in advance, a minimum 50% deposit is required at the time of booking. The remainder needs to be paid no later than the first school day. Immediate payment in full is required for clients booking less than 28 days before the desired start date. The client will have no access to class before payment in full has been received.

Clients cancelling more than 4 weeks before the start of their course owe the company 25% of the tuition and accommodation fees plus any applicable enrolment and placement fees. Clients cancelling more than 1 week but less than 4 weeks before the start of their course owe the company 50% of the tuition and accommodation fees plus any applicable enrolment and placement fees. Clients cancelling within less than 1 week before the start of their course owe the company 75% of the tuition and accommodation fees plus any applicable enrolment and placement fees. This cancellation insurance repays your unused tuition and accommodation fees in the following cases: a) you cancel your course at least 3 days before the start of your course or b) you need to cancel your course after the start of our course for urgent medical reasons related to you or your direct family. We need to receive your cancellation in writing (email or fax) and in case of urgent medical reasons, we require a medical certificate. "Unused" fees are defined as those fees that apply from the first Monday after you informed us in writing about your cancellation. Excluded from the cancellation insurance are enrolment fees, placement fees and the cancellation insurance itself. The cost of this cancellation insurance is 4% of the total invoice value
